Re: License Number SNM-95 (Docket Number 070-0113)

Subj: Additional information requested by Project Manager (Chris Ryder) related to Penn State University RAI reply letter dated April 1, 2014

Dear Mr. Ryder:

Per our telephone discussions the week of July 28, 2014, this letter supplements Penn State University's letter dated April 1, 2014 with additional information regarding material control and accountability and the physical characteristics of the door between the office and lab space in [REDACTED].

### Material Control and Accountability

For this SNM license, the Radiation Protection Office and the Radiation Science and Engineering Center Breazeale Reactor Facility complies with 10 CFR 74 Subpart B through our reactor Administrative Procedure AP-19 *Special Nuclear Material (SNM) Control and Accounting*.

### Office / Lab Space Door Characteristics

This letter is to confirm that the door separating the office space from the SNM use lab space in [REDACTED] does not have a window.

Please contact me at 814-863-3939 or JAL62@psu.edu if you need any additional information.

Sincerely,

Jeffrey Leavey, CHP  
Radiation Safety Officer
