Re: Florida Power & Light Company  
Proposed Turkey Point Units 6 and 7  
Docket Nos. 52-040 and 52-041  
Construction Noise and Vibration Aquatic Impacts Assessment Report for the  
Combined License Application Part 3 – Environmental Report

Florida Power & Light Company (FPL) provides, as an enclosure to this letter, a report of the assessment of potential construction noise and vibration impacts on threatened and endangered aquatic species to supplement the Turkey Point Units 6 & 7 Combined License Application (COLA) Environmental Report (ER). The enclosure provides an assessment of aquatic noise and vibration associated with certain potential sources of underwater sound generated during construction of the proposed Turkey Point Units 6 & 7. FPL does not plan to revise the ER to reflect this information.

If you have any questions, or need additional information, please contact me at 561-691-7490.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on August 12, 2014.

Sincerely,

A handwritten signature in blue ink, appearing to read "W. Maher", is written over a horizontal line.
