RE: Radioactive Materials License
37-19350-01 / *1030-17472*
New Enterprise Stone & Lime Co., Inc.

Dear Ms. Ullrich:

This correspondence is to inform the NRC that New Enterprise Stone & Lime Co., Inc. wishes to modify the above referenced license. The modification is for the replacement of the Radiation Safety Officer from J. Lon Reffner to Carolyn Speicher.

Attached are certificates for the completion of Portable Nuclear Gauge Safety Training, Portable Nuclear Gauge Hazmat Transportation Training, and Radiation Safety Officer Training.

If there are any questions concerning this request, please contact J. Lon Reffner at your convenience. Thank you.

Sincerely,

Paul I. Detwiler, III
President

Portable Gauge Safety Training

Carolyn Speicher

Has successfully completed training in accordance with rules and regulations governing portable nuclear moisture/density gauges and transportation requirements: NUREG-1556, Volume 1 and 49 CFR subpart H and IATA 1.5.2. Topics covered include: Radiological safety/principles, practices of radiation protection, leak testing procedures, measurement of radioactivity, biological effects of radiation, incident, labeling, marking, storage, ALARA, shipping, packaging, shipping documents, emergency procedures and security awareness. A closed book examination was administered and a passing score was achieved.

This certificate is only valid if signed by a Radiation Safety Officer verifying that hands on training in operation of the gauge has been conducted under direct supervision of an authorized user prior to operating the gauge alone.

Training materials for this course are available at the following address:
