Dear Mr. Galdes:

We are reviewing your renewal application and have the following concerns.

- 1) You request authorization for only Troxler Model 3400 Series; however, your current license lists Troxler Models 3400 Series, 4640, 4545, 3656 and 3216. If you have never possessed Troxler Models 4640, 4545, 3656 and 3216, please provide a statement that the licensee has never possessed Troxler Models 4640, 4545, 3656 and 3216. If you had possessed any of these and has transferred them to other authorized persons, please provide a copy of the last leak tests and recipient receipts.
- 2) Please provide a number of gauges that you would like to possess.

Please provide a response in writing with an authorized signature by August 15, 2014. Please refer Mail Control No. 583588 in your response to facilitate proper handling in our office. You could scan and email your response to [frank.tran@nrc.gov](mailto:frank.tran@nrc.gov) or fax to 630-515-1078 (you should keep the original for your record.) If you have any questions, please do not hesitate to contact me at 630-829-9623 or reply to this email.

Thank you,

*Frank Tran*
