Subject: Clarification of information for amendment request
Attachments: Clarification of information.PDF

Hi,
As we discussed last week by telephone, we needed clarification of the information provided in the Radiation Protection for Radioactive Materials w/ Change 1 (5/8/2014). Please see the attachment. Thank you for your cooperation regarding this matter.
Bill Reichhold

As we discussed by telephone, we need the following information to complete the review of your amendment request. Please clarify the following items:

Radiation Protection for Radioactive Materials w/Change 1 (5/8/2014)

Section 6.3.3

1. Please clarify that you will also record doses less than 1 millirem. The total of doses less than 1 millirem could be equal to or greater than a millirem for the year.
Also
2. Please state that, " We have developed and will maintain procedures for internal dose assessment and occupational doses".

Section 6.3.4

The second sentence references a Section titled, "Error! Reference source not found". Please correct this section to reference the correct Section.

Section 6.4.2-

The section on Volumetric Contamination refers to Appendix D, however, Appendix D addresses surface contamination. Please correct this sentence.

Please send a facsimile (630- 515-1078) of your response to the above within 7 days and state, **Response to Control 583918**. Please include a cover letter on company letterhead, dated and signed (signed by an individual who is authorized to sign official documents on behalf of the licensee) with your response letter. You may also scan your response letter and send it to me by e-mail in PDF file format to william.reichhold@nrc.gov.

Please call me at 630-829-9839 if you have any questions.
