FOIAPA REQUEST

Case No.: 2014-0467
Date Rec'd: 9/4/14
Specialist: SO
Related Case: _____

3 September 32014.

TO: Mark Graff, US NRC
FROM: Robert J. Budnitz

Member, the State of California's "Diablo Canyon Independent Safety Committee" ("DCISC")
COPIES TO: Per Peterson and Peter Lam (the other 2 members of the DCISC) and R. Wellington (DCISC Counsel)
SUBJECT: FOIA Request (Freedom on Information Act Request) .

REQUEST FOR THE FOLLOWING DOCUMENT: "A Preliminary Numerical Study of the Hazard from Local Landslide Tsunami Scenarios at the Diablo Canyon Site in Central California, Summary Report (Draft)", authored by Robert T. Sewell, working as "R.T. Sewell Associates", Louisville, Colorado, November 22, 2003. This is the "Sewell Report" referenced below.

On 17 July, I sent a letter (attached here as a PDF file) to John Reynoso, one of the NRC's resident inspectors at the Diablo Canyon Power Plant in Avila Beach, California. In that letter, I asked for him to furnish me a copy of the referenced "Sewell Report." A PDF copy of that letter from me to Reynoso is attached.

This afternoon, I spoke to you by telephone, having been referred to you by Wayne Walker in NRC's Region IV office, and you told me how to file a "FOIA Request." You said to send it by email to you.

This is a formal FOIA Request to obtain the above referenced "Sewell Report." The background for my request is contained in the attached letter than I sent to J. Reynoso on 17 July. I am making this request not on behalf of myself as a private citizen, but as one of 3 officially appointed members of the "Diablo Canyon Independent Safety Committee," a committee appointed by State of California officials, as explained in the attached letter to Reynoso. If you wish to learn more about the DCISC, you can go to our website, <www.dcisc.org>.

Thank you very much. Sincerely yours,

Robert Budnitz
