**Subject: Transfer of 2 Generally Licensed Tritium Exit Signs**

Dear Sir:

In fulfillment of the requirements of 10 CFR 31.5 (c) 8, we hereby notify you that on or about 27 June 2014 we transferred the self-luminous exit signs listed on the attached spreadsheet from our Princeton, NJ facility to SRB Technologies Inc. 2580 Landmark Dr, Winston-Salem, NC 27103 North Carolina, License # 034-0534-2. As required, for each sign listed on the spreadsheet, we include the name of the manufacturer, model number, and serial number. The nominal (original) radioactivity is listed (usually 25 Ci) although the actual radioactivity is less due to radioactive decay. When the serial number was missing or illegible, an identifying number was affixed to facilitate short term tracking.

If you should have any questions, please contact me or Ed Compta, Facilities Engineer at 609-734-2010.

Very truly yours,

Wesley R. Van Pelt, CIH, PhD
