RE: Amendment to NRC License No. 21-35150-01
Associates in Medicine

We would like to amend our current NRC license to reflect the following changes:

Item #1 Please remove Nishit A. Choksi, M.D. as Radiation Safety Officer. Please keep Nishit A. Choksi, M.D. as an authorized user for 35.100, and 35.200.

Item #2 Please add Won Chae, M.D. as a Radiation Safety Officer (RSO) and authorized user for 35.100 and 35.200 to our NRC license. He is currently a RSO on the NRC license #21-32035-01, Millennium Diagnostic Center. Please find the enclosed RSO Letter of Understanding.

Item #3 Please add Richard Gordon, M.D. as an authorized user for 35.100 and 35.200 to our NRC license. He was an authorized user on NRC license #21-25833-01, Northpointe Heart Center.

If you have any questions or require additional information, please contact our physics consultant, Laura M. Luna, Medical Physics Consultants at 734-662-3197 or lluna@mpcphysics.com.

Sincerely,

Stig Aronsson, M.D.

RE: Radiation Safety Officer / Executive Manager
Letter of Understanding

Dear Dr. Chae:

You have been appointed the Radiation Safety Officer (RSO) of this facility for our United States Nuclear Regulatory Commission Materials License. This "Letter of Understanding" is prepared to comply with Title 10 Code of Federal Regulations (CFR) Part 35.24(b). This section of the regulations requires that you agree in writing to the following:

- Assume responsibility for implementing the Radiation Protection Program
- Ensure that radiation safety activities are being performed in accordance with our own approved procedures and all regulatory requirements.

Furthermore, in compliance with 10CFR 35.24(e), (g), the executive management of this facility agrees to provide you as RSO:

- Specific written notation of your authority, duties and responsibilities, see attached
- Sufficient authority, organizational freedom, time, resources and management prerogative to:
 1. Identify radiation safety problems;
 2. Initiate, recommend, or provide corrective actions;
 3. Stop unsafe operations, and,
 4. Verify implementation of corrective actions.

Our signatures noted below will attest to the issues noted above. Please make a copy of this document for your files and return the original to my attention.

Sincerely,

Stig Aronsson, M.D.
Executive Administration, Associates in Medicine, P.C.
