

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

September 18, 2014

MEMORANDUM TO: Those on the Attached List

FROM: Laura A. Dudes, Director **/RA/**
Division of Materials Safety and State Agreements
Office of Federal and State Materials
and Environmental Management Programs

SUBJECT: SOLICITATION OF TOPICS FOR THE CONFERENCE
OF RADIATION CONTROL PROGRAM DIRECTORS' 47TH
NATIONAL CONFERENCE ON RADIATION CONTROL

As the U.S. Nuclear Regulatory Commission's (NRC's) Federal Liaison to the Conference of Radiation Control Program Directors, Inc. (CRCPD), I am requesting topics that your office would like to present at the CRCPD's 47th National Conference that will be held in St. Louis, Missouri, May 18-21, 2015. CRCPD holds its National Conference on Radiation Control annually. It is among the most attended conferences by radiation professionals from State radiation control programs and Federal agencies. I will be continuing in this role after the reorganization of the Office of Nuclear Material Safety and Safeguards and the Office of Federal and State Materials and Environmental Management Programs on October 5, 2014.

I will provide the NRC's suggested topics to the CRCPD's Technical Program Planning Committee for discussion and consideration at their meeting on November 20, 2014. The Technical Program Planning Committee is responsible for planning the annual conference, including the development of the 2015 conference agenda. CRCPD also has poster sessions at the National Conference.

I would appreciate receiving topics, including a short description of the topics and potential speakers, by **October 10, 2014**. Offices interested in presenting a poster should also submit a poster title and a short description by this date. As in the past, the NRC will not submit abstracts until the topic has been accepted for the annual conference. If the topic or poster is accepted, the presenter will be expected to submit an abstract and a short biography. I will notify all potential speakers of the results following the Technical Program Planning Committee meeting on November 20, 2014.

Please submit the information to Kathleen Schneider at 301-415-2320 or Kathleen.Schneider@nrc.gov. If you have any questions, please contact Kathleen Schneider of my staff.
