Dear Dr. Rastogi:

By letter dated June 17, 2014, PriMed, LLC d/b/a Connecticut Heart & Vascular Center submitted to the U.S. Nuclear Regulatory Commission (NRC) a Request for Consent to direct License Transfer of activities and facilities conducted under NRC Materials License No. 06-30537-01. Based on the information you provided, we understand that as a result of a proposed sale of PriMed, LLC d/b/a Connecticut Heart & Vascular Center to Northeast Medical Group, Inc., control of PriMed, LLC d/b/a Connecticut Heart & Vascular Center facilities will directly be transferred to Northeast Medical Group, Inc. We further understand that this transfer will not result in any change to licensed material, persons using the licensed material, or location of use of licensed material. Finally, we understand that your Radiation Safety Officer (RSO) will serve as the RSO on the Northeast Medical Group, Inc. license and will continue to oversee the Radiation Safety Program in the facility previously operated by PriMed, LLC d/b/a Connecticut Heart & Vascular Center.

Based on the above understandings and as more fully detailed in the enclosed NRC staff's Safety Evaluation Report which documents the NRC staff's review of the request, we have no objection to the proposed transfer. We understand that the sale took place on June 1, 2014. Please find enclosed Amendment No. 10 terminating License No. 06-30537-01 as requested by your letter dated June 17, 2014. This action is being done concurrently with transferring your facilities and sources to the Northeast Medical Group, Inc. License No. 06-30657-01 under Mail Control Number 584198. This termination is being issued in accordance with the requirements of the applicable NRC License Termination Rule (10 CFR 30.36).
