Ms. Ketchum,

In reviewing your letter dated August 18, 2014, we find some information that needs clarification. In our request for additional information dated August 4, 2014, we requested drawings that show the locations of the sources. In your letter dated August 18, 2014, you submitted detail information on the assembly, construction and design of your gas displays. Looking at the drawings in attachment 4, 5 and 6 it is not clear were the source (Kr-85 gas) is located. Please provide a drawing of your gas display indicating the location of Krypton 85.

Please respond to this email by COB, October 22, 2014.

If you have any questions please let me know.

Thank you.
