Subject: RE: Prairie Island ISFSI exemption

Hi Pamela – thanks for your reminder phone call this morning about your need for feedback by today. Staff have reviewed the material you sent us for review. We do not have any comments or recommendations on the final environmental assessment and finding of no significant impact. Thanks for the opportunity to review the exemption request. Aggie

Aggie Leitheiser, RN, MPH

Subject: Prairie Island ISFSI exemption

Dear Ms. Leitheiser,

I reached out to you in an April 3 2014 letter (ML14100A328) requesting the Minnesota Department of Health's review of the federal register notice (FRN) regarding the environmental assessment and finding of no significant impact for a Prairie Island Independent Spent Fuel Storage Installation physical security exemption request. Subsequently, the FRN was revised. Because of this revision, we wanted to give you the opportunity to review the revised draft FRN.

As part of our review of this physical security exemption request, we consult Federal and State agencies and persons affected by the licensing action. The consultation is typically done just prior to issuing the final environmental assessment (EA). The purpose of the consultation is to solicit comments on the environmental impact of the proposed action and any other comments pertaining to the proposed action. Please note that we document in the "Agencies and Persons Consulted" of the federal register notice that the consultations occurred and summarize the comments received.

Please provide any comments on the attached draft EA and finding of no significant impact (FONSI) and provide comment back to me by **August 11, 2014**. Should you not be able to support this date please suggest an alternate due date you can meet.

I thank you in advance for both your time and consideration.

Pamela Longmire, Ph. D.
