Dear Dr. Biegalski,

I would like to express my appreciation to you and your staff for providing the Nuclear Regulatory Commission (NRC) staff with an informative tour of the University of Texas at Austin Nuclear Engineering Teaching Laboratory. In light of our trip to Texas A&M University, I recognize that our visit was arranged just for us, and I thank you for ensuring it could happen.

We found that the tour of your facility provided us with a better understanding of your operations. We were impressed by your efforts to support the nuclear industry and, in particular, the NRC through training courses. Please convey our thanks to those who supported our tour.

Sincerely,

/RA/
