SUBJECT: Reply to Notice of Violation

To Whom it may Concern,

Please reference License #06-23969-01 and #06-23969-02E. We received a Notice of Violation dated August 18, 2014.

In regards to the first violation we have now submitted the required annual reports for the years 2008, 2009, 2010, 2011, 2012 and 2013. We were under the impression that reports only had to be submitted if requested by the NRC. Going forward we will submit an annual report every year as required. Enclosed is a copy of the reports and the letter sent to the NRC.

In regards to the second violation we have submitted a request to amend the authorized use and storage location reflected on our license. This violation occurred when we moved our living location this summer and did not file a request to add of new location. In the future if we are to move again we will certainly submit the request prior to relocating. Enclosed is a copy of the letter sent to the NRC.

Sincerely

Robert Klem
