Steve:

Make sure that we concentrate on the issue at hand and are prepared to answer the questions as stated in the e-mail.

Manny,

We are interested in **only** SEB1 issues in the phone call. We are very much occupied with LAR work so the phone call should to the point. Have TP technical staff ready. See attached specific to questions related to 8/21 email from Mark. Please provide me conference call line so Carl and Tom can participate.
