NOTICE

This message is intended only for the use of the individual or entity to which it is addressed and may contain information that is privileged, confidential, or exempt from disclosure under applicable law. If the reader of this message is not the intended recipient or the employee responsible for delivering the message to the intended recipient, you are hereby notified that any dissemination, distribution or copying of this communication is strictly prohibited. If you received this communication in error, please notify the sender immediately by telephone and return the original to the above address, by U.S. Mail. Thank You.

The following additional information is needed to complete the review your request to terminate your NRC license.

1. Your license authorized californium-252, cesium-137, and americium-241. Please provide a history of the radionuclides used under your NRC license. For example, we only used cesium-137 and americium-241 under the NRC license. We never possessed any californium-252.
2. Please provide a copy of the acknowledgement letter from U.P. Engineers & Architects, Inc. (NRC License 21-20275-01) that they had received the Troxler Model 3440, serial 28563 and the Troxler Model 3440, serial 28639, nuclear gauges and the date when these gauges were received.

Please send a facsimile (630- 515-1078) of your response to the above within 14 days and state, Response to Control 584576. Please include a cover letter on company letterhead, dated and signed (signed by an individual who is authorized to sign official documents on behalf of the licensee) with your response letter. Please call me at 630-829-9839 if you have any questions.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this facsimile and the attached documents will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).
