Kyle/Chuck,

Attached are the staff's comment on the CASS response. Staff is ready to discuss these at your convenience. Given we are meeting on Monday and have the meeting room beyond the agenda time, we would be prepared to discuss these as an additional agenda item in the meeting. Otherwise we can schedule a conference call.

Please let me know what you would like to do. If we discuss this at the meeting, I will use the minutes to make the attached public. If we have a call, I will put this email into ADAMS.

Joe
