

UNITED STATES  
**NUCLEAR REGULATORY COMMISSION**  
WASHINGTON, D.C. 20555-0001

November 19, 2014

Ms. Jennifer Opila, Manager  
Radiation Control Program  
Hazardous Materials and Waste  
Management Division  
4300 Cherry Creek Drive  
South Denver, CO 80246

Dear Ms. Opila:

We have reviewed the final revision to the Colorado Rules and Regulations Pertaining to Radiation Control, 6 CCR 1007-1, Part 3, Licensing of Radioactive Materials, received by our office on September 4, 2014. These regulations were reviewed by comparison to the equivalent Nuclear Regulatory Commission (NRC) rules and the requirements of the seven amendments identified in the enclosed State Regulation Status (SRS) Data Sheet. We discussed our review of the regulations with James Jarvis on November 17, 2014.

As a result of our review, we have two comments that have been identified in the enclosure. Please note that we have limited our review to regulations required for compatibility and/or health and safety. We have determined that if these regulations are revised, incorporating our comments and without other significant change, they would meet the compatibility and health and safety categories established in the Office of Federal and State Materials and Environmental Management Programs (FSME) Procedure SA-200, "Compatibility Categories and Health and Safety Identification for NRC Regulations and Other Program Elements."

We request that when you revise your regulations to address our comments, a copy of the "as published" regulations be provided to us for review. As requested in FSME Procedure SA-201, "Review of State Regulatory Requirements," please highlight the location of any changes made by Colorado, in response to our comments, and provide a copy to Division of Material Safety, State, Tribal and Regulation Programs, Office of Nuclear Material Safety and Safeguards (NMSS). The SRS Data Sheet summarizes our knowledge of the status of other Colorado regulations, as indicated. Please let us know if you note any inaccuracies, or have any comments on the information contained in the SRS Data Sheet. This letter, including the SRS Data Sheet, is posted on the NMSS website: <http://nrc-stp.ornl.gov/rulemaking.html>.

J. Opila
