Jeff:

Please let us know as soon as possible, in writing, what name of the licensed entity you want to use in your renewed license. You can always request a name change at a future date. Thank you.

Sattar,

Sorry for the delay as I wanted to confirm something with my legal department. The entity name for which our current license exists still is a valid company and registered to do business. Would it be easier/appropriate for us to renew our application with that name (still a valid business name) and then submit our request for formal name change and at said

time if approved change over our supporting documentation? I can simply prepare the letter as suggested below too but wanted to know which way is easier for you.

Thanks Jeff. However, we need a formal letter requesting NRC's written consent, including why it was not requested prior to the acquisition. You may send the letter with the information that you attached in your e-mail to me via e-mail or regular mail or fax at (610) 337 5269. Thanks
