Stephanie/Laura:

I submitted the FOIA request in the email below on Sunday but have not yet received an acknowledgment letter so I do not know if you have yet assigned it a tracking number.

I received the requested email today "compliments of Greenpeace", but would still like an official version from the NRC that contains any NRC redactions and that notes the FOIA exemptions, if any, that the NRC is claiming.

The record requested is as follows:

The email sent by John Boska of NRR/DORL to Jim Riccio of Greenpeace on March 25, 2013 at 08:06 along with the attachment to that email entitled "2013-03-25 Oconee slides on flood hazard report.pdf"

Please process this email as a request for records under the Freedom of Information Act.

I do not intend to pay any fees for the processing of this request. There should be minimal search time associated with this request. Also, the record requested is currently stored by the NRC in electronic format and I desire it to be released to me electronically, so there should be no reproduction costs associated with this request. It is not a trivial matter for me to process a Fee Exemption request, but I will do so if you honestly believe that fees are appropriate.

Per the Freedom of Information Act and 10 CFR 9.25(a), I expect a response by December 4, 2014 (i.e. 20 working days). I have noticed that the NRC has been arbitrarily claiming "unusual circumstances" and thereby extending your times limits by ten working days. Please do not arbitrarily make such a claim for this FOIA request. If you believe "unusual circumstances" apply to this request, then please specifically state which of the three items in 10 CFR 9.25(c) justify such a determination.

I work in (b) (6) and make it home to (b) (6) infrequently. Please conduct all correspondence with me electronically at (b) (6). If there is something which cannot be sent electronically, then please call me at (b) (6) and I will come by the FOIA office to pick it up.

Thank you,
 Larry
