Jim,

Per discussion with DOE/OR security (Diane Patterson) all USEC personnel security clearances associated with PGDP have been processed for termination and/or transfer.

Let me know if you have any additional questions.

Jim and Dave:

In the attached letter from the U.S. Enrichment Corporation requesting final termination of the Certificate of Compliance for the PGDP, they state that "...All personnel security clearances associated with PGDP have been terminated, transferred to a DOE contractor, or transferred to Facility Code 3346 (USEC Inc.)..." (see highlighted text).

Is there a way to verify this?

Thanks.
