FROM: Mark A. Satorius */RA/*  
Executive Director for Operations

SUBJECT: NOTICE OF DIRECT FINAL RULE SIGNED BY THE EXECUTIVE  
DIRECTOR FOR OPERATIONS

On January 15, 2015, I approved a direct final rule, along with a companion proposed rule, that amends the U.S. Nuclear Regulatory Commission's spent fuel storage regulations by revising the NAC International MAGNASTOR<sup>®</sup> System listing within § 72.214 of Title 10 of the *Code of Federal Regulations* (10 CFR), "List of Approved Spent Fuel Storage Casks," to include Amendment No. 4 to Certificate of Compliance No. 1031.

This notice informs the Commission that, in accordance with the rulemaking authority delegated to the Executive Director for Operations, I have signed the direct final rule and companion proposed rule and propose to forward them on January 22, 2015, to the Office of the Federal Register for publication, unless otherwise directed by the Commission.

This direct final rule does not constitute a significant question of policy, nor does it amend regulations contained in 10 CFR Part 7, "Advisory Committees," or subpart C, "Government in the Sunshine Act Regulations," of 10 CFR Part 9, "Public Records," concerning matters of policy. I therefore find that this direct final rule is within the scope of my rulemaking authority, and I intend to transmit it and its companion proposed rule to the Office of Federal Register consistent with the discussion above.

The direct final rule and companion proposed rule are available in the Agencywide Documents Access and Management System under Accession No. ML14317A140.
