DESCRIPTION/CHANGES TO COMMON FORM USAGE:

This information collection request will also categorize this form as a common form. Once the OMB approves the use of this common form, all Federal agencies using the form may request use of this common form without additional 60- or 30-day notice and comment requirements. At that point, each agency will account for its number of respondents and the burden associated with the agency's use.

Form 741 is used by both NRC and the DOE. NRC provides the form and instructions to all affected licensees, who must submit reports in computer readable format. Once submitted by licensees, information from these forms is saved in the NMMSS. Common reporting forms are used to minimize the reporting burden on industry members required to provide regulations or contractual obligations. The licensee is thus able to file one report to meet the requirements of both agencies. Compliance with specific reporting requirements is monitored by the agency for which the specific data are required.
