We would like to continue with option 1 "adding 2 doctors without the one".
Then later will get the preceptor statement and add the other.

Thank you

Lee Anne,

I see 2 options:

- 1: Continue with adding 2 doctor's without the one; or
- 2: Submit a letter that contains the required language signed by a qualified preceptor physician that the doctor has satisfactorily completed the applicable requirements and has achieved a level of competency sufficient to function independently as an AU.

I hope this helps. Please let me know what direction you wish to take.

Hello- we have just learned that Dr. Douglas will be out for about 5 weeks so we cannot get that preceptor statement at this time and possibly not within the 30 day window.

Here is our question and an update: can we put through the amendment with the other two AU's now? Then add Dr. Douglas later. Reason is: our current Radiology group's contract is ending January 1. Our plan is to add the new AU's on, then January 1, remove the existing radiologists. Please advise.

Lee Anne

Ms. Zarger,

In order to continue our review of your amendment request to add Dr. Douglas Davis, please submit the required documentation pursuant to 35.2909(c)(2) – written attestation signed by a preceptor AU that he has satisfactorily completed the applicable requirements and has achieved a level of competency sufficient to function independently as an AU. Please contact me if you have any questions. We will continue our review upon receipt of this information. Please submit this information within 30 days. Thank you.

Shawn
