

West Michigan Cancer Center
License No. 21-32501-01
Docket No. 030-36539

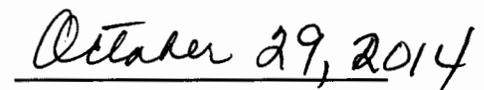

To: Paul Jursinic, Ph.D.

I have reviewed your application for renewal of License No. 21-32501-01 and need additional information to complete my review. Please respond to the following in writing:

1. Identify the authorized users (physicians) for this license.
2. Identify the authorized medical physicists for this license.
3. Provide the shielding calculations for the HDR use room
4. Provide a copy of the HDR emergency procedures.
5. Provide a list of HDR emergency equipment.
6. Describe or list the survey instruments available for use.
7. Provide procedures required by 10 CFR 35.643, "Periodic spot-checks for remote afterloader units".
8. Please provide the complete State of Virginia license for Donald Anderson.
9. Please review Item 9.A. of your license and state which HDR unit you have. (FYI - after further review of the sealed source and device registry sheets for the GammaMedplus iX or GammaMed Plus, treatment activity is 10 curies not 11 curies)

Please respond to each of the items above in writing on company letterhead signed by the RSO or a member of management. Include the **control number 583876**. You may email your response to me or fax your response to 630-515-1078. Please provide your response as soon as possible but no later than November 10, 2014. If you have any questions, please call me at 630-829-9842.
