Dear Mr. Shaffer:

Subject: NRC Export License Amendment Application for Current Export License Number XSOU8833.

Enclosed is a request for issuance of an amendment to export license number XSOU8833 authorizing the export of depleted uranium dioxide (UO_2) powder to the AREVA MELOX mixed oxide fuel fabrication facility in France. This amendment application is to change the original license application content of Page 1, Block 11 "Foreign Obligations" from "Source Material (100% U.S.)" to "Source material: US, Niger, Namibian or other non-obligated; derived as tails from enrichment in US, LES Centrifuge or EURATOM." AREVA Inc. is requesting this amendment to make changes to the available supply of depleted source materials.

Per Mr. Stephen Baker, this request would be considered a minor amendment. Authorization for Payment by Credit Card totaling the fee of \$1,400.00 is enclosed to cover the cost of the application.

If you have any questions, please contact me at (509) 375-8122.

Best Regards,
