Re: Docket ID NRC-2008-0175 (Comments of Proposed Revisions to 10 CFR 35)

The Rhode Island Radiation Control Program is pleased to have an opportunity to comment on the proposed amendments to 10 CFR 35. We concur with all of the comments presented in the Organization of Agreement States (OAS) letter on this same topic, dated 18 November 2014. We specifically support the OAS position that the compatibility for 10 CFR 35.3045 remains a "C".

Please contact Bill Dundulis at (401) 222-7767 [email: Bill.Dundulis@health.ri.gov] if you need additional information or clarification regarding these comments.

Sincerely,

A handwritten signature in blue ink, appearing to read "Charma Waring", is written over the typed name and title.

Charma Waring, Supervising Radiological Health Specialist
Radiation Control Program
