Sorry, I had intended to get in touch with you sooner, but I've had an endless stream of IT issues since Wednesday and I haven't been able to. This has been complicated by the fact that I'm in Michigan supporting the Fermi pre-hearing conference, so the support has been lacking. Anyway, we've finally have some internal consensus on the draft RAIs, and I just have to close the on one issue with one of the tech staff that has been out this week. I can do that first thing Monday morning and get those two you shortly thereafter. I'm sorry for the delay, but it has been more difficult than I had anticipated to get these out.

Hi Mike

This afternoon I heard from two different people outside of Entergy that they sent me emails last week and, although they didn't get any 'bounce-back' message, I never got them. So, I was wondering if you sent the drafts and I never got them? Or are you guys still working on them.

Please let me know.

Thanks
