**RE: Resignation of Radiation Safety Officer for
NRC Radioactive Materials License#: 47-25522-01
Pro Imaging Diagnostics
2547 Third Avenue, Huntington, WV 25703-1642**

Dear License Assistance Team:

On July 8th, 2014, I was informed that Pro Imaging closed their business effective June 30th, 2014. I reminded the owner, Curtis Nichols, of the continuing requirements for the security of radioactive materials and informed him of the steps needed to terminate his radioactive materials license. Mr. Nichols stated that he would complete the termination process and copy me with all related NRC correspondence. Please be aware that I do not have access inside the facility and no business relationship with Pro Imaging beyond consulting health physics and radiation safety officer services.

Since then, numerous phone messages requesting updates have not been returned and I have received no updates otherwise from Mr. Nichols. On several occasions, I have driven by the Pro Imaging building and it appeared deserted but secured. As I am unable to fulfill my obligations as radiation safety officer, this letter is to notify you that, effective immediately, I do hereby resign as Radiation Safety Officer for Pro Imaging Diagnostics.

Thank you for your consideration.

Sincerely,
