Mr. W. Anthony Nowinowski, Program Manager
PWR Owners Group, Program Management Office
Westinghouse Electric Company
1000 Westinghouse Drive
Cranberry Township, PA 16066

SUBJECT: VERIFICATION LETTER OF THE APPROVAL VERSION OF THE PRESSURIZED WATER REACTOR OWNERS GROUP TOPICAL REPORT WCAP-17867-P-A, REVISION 1, "WESTINGHOUSE SSPS BOARD REPLACEMENT LICENSING SUMMARY REPORT" (TAC NO. MF5062)

Dear Mr. Nowinowski:

By letter dated October 7, 2014 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML14287A128), Pressurized Water Reactor Owners Group (PWROG) submitted an approval ("-A") version of Topical Report (TR) WCAP-17867P-A, Revision 1, "Westinghouse SSPS [Solid State Protection System] Board Replacement Licensing Summary Report," to the U.S. Nuclear Regulatory Commission (NRC) staff. The PWROG has done so in accordance with our request to publish approval proprietary and non-proprietary versions of this TR, as detailed in the transmittal letter of the NRC staff's final safety evaluation (ADAMS Accession No. ML14260A138) for the original TR.

The NRC staff has completed its review of the approval version of the TR. The NRC staff verified that the PWROG has met the requirements and determined that the submitted "-A" versions are acceptable for referencing in licensing applications for nuclear power plants to the extent specified and under the limitations delineated in the accepted versions of the TR. TR WCAP-17867P-A, Revision 1, "Westinghouse SSPS Board Replacement Licensing Summary Report," is now approved for use in future licensing actions.

Please contact Jonathan Rowley of my staff at (301) 415-4053, if you have on questions on this subject.

Sincerely,

/RA/

Aby S. Mohseni, Deputy Director
Division of Policy and Rulemaking
Office of Nuclear Reactor Regulation
