U.S. Small Business Administration  
409 Third Street, S.W.

Dear Dr. Sharma:

Enclosed is a direct final rule, along with the companion proposed rule, amending the size standard used to qualify a U.S. Nuclear Regulatory Commission (NRC) licensee as a "small entity" under the Regulatory Flexibility Act of 1980, as amended. These amendments conform the NRC size standard to the revised Small Business Administration standard for nonmanufacturing industries published as an interim final rule on June 12, 2014 (79 FR 33647).

Unless we hear otherwise from you or your staff by February 9, 2015, the NRC will presume that you have reviewed and approved the enclosed direct final rule and companion proposed rule. If members of your staff have any questions regarding the final NRC size standards, they may contact me at 301-287-0949 or by e-mail, [Cindy.Bladey@nrc.gov](mailto:Cindy.Bladey@nrc.gov).

Sincerely,
