Dear Ms. Xu:

We spoke briefly yesterday (Thursday 04 December 2014) when I called inquiring about assistance with NRC application 313 and status of our submission. Today I called and spoke with Mr. Tomas Herrera from your office to confirm the mailing address for re-submitting as I had mistakenly sent the original application to the Texas office noted on the application (because of local jurisdiction). Furthermore, Mr. Herrera advised that I scan and forward you the application and I am doing so; this document is attached as "NRC_313 Application" (PDF). I have also included a copy of the American Welding Society's specification for the type of material we are submitting the application for. Please do not hesitate to call me directly if you have any questions or concerns.

Regards,

Tri Nguyen
