Hello Mr. Puschendorf,

I am emailing you as a follow up to a letter dated October 30, 2014, in which the NRC requested concurrence with a finding of no historic properties present for the proposed Crow Butte Resources, Inc. In Situ Uranium Recovery (ISR) Marsland Project located in Dawes County, Nebraska. For your convenience, I've attached a pdf of the letter.

Please feel free to call or email me if you have any questions or wish to discuss further.
