Re: Materials License No. 21-05432-04

This letter is in response to a telephone conversation with Toye Simmons on Nov. 25, 2014 regarding the name change of DLP Marquette General Hospital, LLC to UP Health System – Marquette. Below are the responses requested in accordance with NUREG 1556, Vol. 15 Appendix F.

1. This action was not a financial transaction but merely a name change. If more information is needed you may contact the CEO, Mr. Ed Banos at (906) 225-4774.
2. There have been no changes in personnel or duties that relate to the licensed program as a result of this name change.
3. There have been no changes in the organization, location, facilities, equipment or procedures that relate to the licensed program.
4. The surveillance program (surveys, wipe tests, quality control) is up to date, well documented and audited quarterly by a consultant physicist. There will be no change in the surveillance program as a result of this name change.
5. This license is not under decommissioning constraints. However, records of past close-out surveys will remain on file in the Radiation Safety office. This will not change as a result of this name change.
6. We confirm that we will abide by all constraints, conditions, requirements and commitments made under the previous name.

Sincerely,

Edward Banos, FACHE
Chief Executive Officer

Simmons, Toye
