As we just discussed.....see below and attached. Please let me know when you plan to provide the fully concurred in paper to the EDO mailroom (the technical editor should also be on concurrence).

Thanks!

Dave,

Good morning. By way of this email, I wanted to let you know we (the staff) have your letter dated November 19th, and are now determining the best course of action regarding the NRC's document classification and redaction policies. Thank you for bringing this to our attention. I will get back to you when I have more specific information.

Have a wonderful Thanksgiving.

Regards,

Darren
