RE: License 50-27784-01 (Alaska Native Medical Center)

1. "Alaska Native Medical Center reserves the right to upgrade our radiation survey instruments as necessary as long as they are adequate to measure the type and level of radiation for which they are used."
2. "Either we will perform a prospective evaluation demonstrating that unmonitored individuals are not likely to receive, in one year, a radiation dose in excess of 10% of the allowable limits in 10 CFR Part 20 or we will provide dosimetry that meets the requirements listed under Criteria in NUREG- 1556, Vol. 9, Rev. 2, Consolidated Guidance About Materials Licenses: Program-Specific Guidance About Medical Use Licensees, dated January 2008."
3. "Alaska Native Medical Center has read NRC Regulatory Issue Summary 2008-31, "Licensing Requirements for Sentinel Lymph Node Biopsy," and will comply with the regulatory requirements described in this document."
