Mark:

Do you mean that the names on the licenses will remain unchanged (Eastern Associated Coal, LLC)? If that is the case, then the mail from NRC will be have Eastern Associated Coal, LLC with new address in Scott Depot. Please let me know if that is correct. Thanks

Sattar,

We have moved our office from Charleston, WV to Scott Depot, WV. That is the only change that needs updated. There is no change in ownership or corporate reorganization. I am trying to ensure that any mailings are not mishandled by USPS. We have a forwarding address on file with USPS but due to the volume of mail we have experienced a few problems. I will update the annual registrations as necessary to ensure the correct mailing address is listed.

Thank you for your assistance.

Mark:

Currently the names of the licensed entities on the two licenses is Eastern Associated Coal, LLC. From your letter it is not clear if your request also includes the change of name of the licensed entity from Eastern Associated Coal, LLC to Patriot Coal Corporation for these two licenses. If the name change is requested then we need information as to what is the reason for the name change (whether these entities changed ownership or were transferred to new entity, or that it was the result of corporate reorganization). If the licensed entities are transferred to another entity then you need to provide the information specified in Section 5 of the NUREG 1556, Vol. 15. This document is available on the NRC website at <http://www.nrc.gov>. Please state clearly the reason for the name change. Thank you.
