**Subject:** RE: Revised IP Aquatic RAI Letter

Dara,

Setting something up that first week sounds like the best option at this point. I will get back to you tomorrow with what our availability looks like for that week.

Thanks,  
Mike

**Subject:** RE: Revised IP Aquatic RAI Letter

Hi Mike

Unfortunately, we will not have our internal discussion on the revised RAIs and the data provided complete by Friday – so it doesn't look like that will work.

Do you want to try and set something up now for first week in January – so that we have the time set aside for all? If so, please let me know.

Thanks

*Dara Gray REM*

Dara,

We have no availability next week, or the following. Is there any way we can set something up for Thursday or Friday?

Hi Mike

Our biologists are reviewing the data you sent. At this point, in order to make sure that we are all on the same page and the questions and requests are clearly understood, we would like to have a call after they get a chance to complete their review and discussions about the data and RAI's (which they hope to have done by the end of this week).

I know the holiday season is going to make it tight to set up a call but if you all in the next two weeks. But if you all would like to try, just let me know

Thanks

*Dara Gray REM*

**Subject:** Revised IP Aquatic RAI Letter

Dara,

Attached is the current version of the RAI letter which incorporates changes made based on our phone call last Thursday. Once you and your team have had a chance to review the revisions, please let me know if any additional clarification is needed. Also, I have attached one of the spreadsheets with data from the March 7, 2008 submittal. I have two other files with data from that submittal that I will pass along in separate emails to avoid any issues with file sizes.

Thanks,  
Mike
