Docket No.(no hyphens): 03033138

Licensee Name: Heller and Johnsen

Participant(s) Name/Title: Lawrence (Larry) Johnsen, P.E. / Owner

Work Telephone No.:203-258-0038

NRC Representative Name/Title: Scott Wilson/Health Physicist

Subject: Request for Information – Inspection No. 2014001

Discussion: I contacted Mr. Johnsen to request information regarding a violation identified during the subject inspection. Specifically, we discussed the reason for the violation and the licensee's corrective and preventative actions taken as a result. Mr. Johnsen stated that the reason for the violation is that he was not aware that the process they were using to secure gauges at temporary jobsites was inadequate until I explained the requirement during the site inspection. He stated that Heller and Johnsen had taken corrective and preventative actions by acquiring additional security devices (locks and cables) and informing all authorized users of the proper protocol for securing gauges within vehicles. I informed him that I would provide this information to management and contact him to arrange a final exit date/time.
