Subject: Correction to Main Address

RE: NRC Radioactive Materials License #24-32613-01

Dear Sir or Madame:

1. Please reference the current amendment request, dated 29 December 2014, that you are processing for changes to our radioactive material license.
2. We apologize for the need for this correction to our address. Our postal delivery person informed us during the mail delivery on December 30, 2014 that even though our physical location is in Crystal City, our actual postal address is Festus, MO. We request that our administrative and radioactive material use address be corrected to:

1439 US HWY 61
Suite A
Festus, MO 63028
3. I authorize James Hatten to contact and answer questions concerning our radioactive material license. He can provide verbal and written responses for amendment requests.

Thank you for your assistance with this issue. If you have any questions regarding this notification, please contact me at (314) 277-4550.

Sincerely,

Antoine M. Adem M.D.
Radiation Safety Officer
