Dear Dr. Griffith:

This refers to your license amendment request dated September 26, 2014. Enclosed with this letter is the amended license placing you in a "storage only standby" status until August 31, 2015. If you have not decided to resume operations by that time, you will need to decommission and terminate the license.

Please review the enclosed document carefully and be sure that you understand and fully implement all the conditions incorporated into the amended license. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region I Office, Licensing Assistance Team, (610) 337-5239, so that we can provide appropriate corrections and answers.
