RE: Amendment Request License number SUB-1603

To Whom It May Concern:

In reference to the aforementioned license, DCS Corporation is notifying the NRC of a change to a condition set forth in our license. Effective December 19, 2014 Mr. James Gengler, currently listed as an Authorized User (AU) is no longer employed with DCS Corporation.

DCS management has designated Mr. Brian Seile to replace James Gengler. Mr. Seile is scheduled to attend a 40-hour Radiation Safety Officer (RSO) course provided by Dade Moeller Radiation Safety Academy during the week of 9 Feb 15. This training will provide Mr. Seile with the technical information and practical experience required to fulfill the responsibilities set forth in condition 12 of said license.

Upon completion of the 40-hour RSO training, DCS Corporation will provide a copy of Mr. Seile's training documents and other qualifications for review by the commission.

Please feel free to contact Melinda Caron at (781) 419-6384 with any inquiries or concerns regarding this request.

Respectfully,

A handwritten signature in black ink, appearing to read "Melinda Caron".
