**Subject: Request for Termination of License
Tetra Tech, Inc., Newark, Delaware Site
License No. 07-15599-02 *1030-20685***

Dear Licensing Assistant Section:

We are requesting termination of our NRC License No. 07-15599-02. For efficiency purposes, Tetra Tech, Inc. has transferred our radioactive sources under a different NRS license out of our Missoula, Montana office (License No. 25-29408-01, Docket No. 030-38372). Please note that the sources listed under our current license (07-15599-02) continue to be located at our 240 Continental Drive, Newark, Delaware location.

Please find attached NRC Form 314 requesting Termination of License No. 07-15599-02. Since our sources will remain at our location, we did not perform surveys for purposes of confirming no residual radioactivity was present (Part C).

If you have any questions, or are in need of any additional information, please contact Ralph Boedeker at (302) 283-2274 or via E-mail at ralph.boedeker@tetrattech.com.

Sincerely,

Andy Mazzeo
Northeast Operations Manager
