Subject: SSES License Amendment Request Identified Information Insufficiencies (TAC NOS. MF5358 AND MF5359)
Attachments: DRAFT Cyber Security LAR Supplemental Information Request.pdf

Mr. Filchner,

By letter dated December 2, 2014, PPL Susquehanna, LLC, (the licensee) submitted a License Amendment Request pursuant to 10 CFR 50.90 for the Susquehanna Steam Electric Station, Units 1 and 2. This license amendment requests changes to the cyber security implementation schedule.

The NRC staff has reviewed the application and concluded that the information delineated in the attachment to this e-mail is necessary to enable the staff to make an independent assessment regarding the acceptability of the proposed license amendment request in terms of regulatory requirements and the protection of public health and safety and the environment.

Please review the DRAFT information in the attachment and contact me to set up a conference call between the licensee and the NRC staff to discuss the information.

Please let me know if you have any questions.
