Re: License Amendment 47-23771-01 1030-31598

Dear Mr. Lodhi:

I would like to request an amendment to Radioactive Material License No. 47-23771-01 to delete the storage facility located at County Route 80, Gilbert West Virginia 25621 from said License because this location is no longer utilized by Foxfire Consultants, Inc. ("Foxfire") as a storage location for the licensed material. The amended license, issued on October 18, 2012, authorized Foxfire to store licensed material at a storage location at 9804 Route 52, Gilbert, West Virginia 25621. Currently, this is the only storage facility being utilized by Foxfire.

Please let me know if I can provide any additional information.

Sincerely,

Dusty Nagle
Radiation Safety Officer
