Gentlemen:

Thank you for your letter dated July 30, 1979, which transmitted fees pursuant to 10 CFR 170.22 for your Safeguards Contingency Plans for Brunswick Unit Nos. 1 and 2 and H. B. Robinson Unit No. 2. In your letter, you stated that the \$400 duplicate fee for one of the Brunswick units should be refunded because Contingency Plans are site-specific documents which do not require a parallel review for a second duplicate unit at a site.

The fee schedule under 10 CFR 170.22 was established based on average costs for various types of actions using the manpower data for FY 1977. It is recognized that some actions such as physical security plans for multiple unit stations are site-specific and require minimal duplicate staff review effort while other types of actions for multiple unit stations require considerable unit-specific staff effort. The \$400 duplicate amendment fee might appear excessive for reviews such as Safeguards Contingency Plans, but for many other types of actions it does not cover the costs associated with the duplicate unit review effort. The duplicate amendment fee for your Contingency Plans is mainly to cover the costs associated with issuance of the amendment for the second unit, and is considered applicable.

If we can be of further assistance, call 301/492-7225.

Sincerely,

Original Signed by
