# **Dry Cask Storage PRA Peer Review Requirements Workshop**

**NRC Church Street Building  
January 27-30, 2015**

P R E S S U R I Z E D   W A T E R   R E A C T O R   O W N E R S   G R O U P

# Getting Started

- Welcome
- Introduction of all participants
- Purpose of workshop
  - Support NRC's Dry Cast Storage PRA development and peer review
  - Provide an informal set of requirements that can be used for self-assessment and to conduct a peer review
  - Come to reasonable consensus on the requirements

# Getting Started (continued)

- Co-sponsored by the Pressurized Water Reactor Owners Group (PWROG) and the Nuclear Regulatory Commission (NRC)
- Agenda
  - Review agenda
  - Detailed material provided prior to the workshop
  - Difficult to predict the time needed for each PRA Standard/technical element; need to be flexible, yet complete the task at hand

# Getting Started (continued)

- Agenda
  - Requirements as a Category 2 public meeting (NRC)
  - Focus is on Dry Cask Storage; if time permits, the NRC will present some work related to Spent Fuel Pool (in anticipation of a follow-on workshop or teleconference)
- Parking Lot issues will be recorded and addressed at the end of the meeting
