RE: NRC Material License No. 21-26008-01

Dear Mr. Tran:

I am writing to notify you of changes to the Shiawassee County Road Commission's NRC Material License No. 21-26008-01. The Radiation Safety Officer as listed on our license, Dean Welte, is no longer employed by the Shiawassee County Road Commission as of January 1, 2015. We have one Troxler Model 3440 portable gauge device that is currently not in use and is being stored safely and securely at our facility. It is our intension to sell this portable gauge device and terminate our license. I understand that portable gauging devices can only be transferred to companies or individuals specifically licensed to possess them. Upon transfer of our gauge, we will be submitting NRC Form 314 for termination of our material license. I will be the new point of contact for Material License No. 21-26008-01; please do not hesitate to contact me at 989-743-2228 for further information.

Sincerely,

A handwritten signature in cursive script that reads "Brent P. Friess".

Superintendent/Interim Managing Director
