

LG-15-014

January 27, 2015

To: Fred Bower

From: Keith Kemper

Subject: Verification of Readiness for Supplemental Inspection at Limerick Generating Station

Reference: Letter from NRC to Exelon, Assessment Follow-Up Letter for Limerick Generating Stations, Units 1 and 2 (Report 05000352/2014009 and 05000353/2014009)

This letter is to notify the NRC that Limerick Generating Station is ready for the NRC to conduct the supplemental inspection contained in the referenced letter. We request the inspection to be performed during the week of February 16, 2015.

If you have any questions, please contact Keith Kemper at (610) 718-2010.
