Vogtle Electric Generating Plant, Units 1 & 2
Response to Preliminary White Finding from NRC Inspection Report
05000424/2014009 and 05000425/2014009

References:

1. NRC letter to Southern Nuclear Operating Company, Vogtle Electric Generating Plant, Units 1 and 2, NRC Inspection Report 05000424/2014009 and 05000425/2014009 Preliminary Greater than Green Finding and Related Apparent Violation, Dated January 22, 2015

Ladies and Gentlemen:

Southern Nuclear Operating Company (SNC) is in receipt of the referenced letter from the Nuclear Regulatory Commission (NRC) dated January 22, 2015. In the letter, the NRC identified a preliminary White finding for an event in which a High Integrity Container (HIC) containing a Type B quantity of radioactive waste was erroneously loaded into a Type A shipping cask and transported to a waste processor.

The letter provided the option for SNC to request a regulatory conference where SNC can present to the NRC our perspective or submit a written response. SNC is not requesting a regulatory conference. SNC will submit this written response within 30 days of the date of the referenced letter.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "B. Keith Taber".
